This is an application form ONLY. Because we must limit participants to the number of barrels donated by wineries (10 barrels maximum), completing this form *does not guarantee inclusion* in the Wine Barrel Art component of the art walk. The committee will make a joint decision on participants based on the following criteria:

- a) the wine barrel artwork represents the widest possible variety of artistic media and styles
- b) artists who have not previously appeared in the Art Walk may be given preference over returning artists, so as to have the fullest possible inclusion and variety year to year
- c) artistic merit
